WASHINGTON, April 11 .- Society turned out in large numbers to see the running of the Southern Steeplechase and the Amateur Cup, in both of which gentlemen riders had mounts, at the Bennings track this after-The clubhouse was crowded with octables, while the fine weather served to draw an unusually large gathering of regulars and casual followers of the turf. The Southern Steeplechase, for hunters, at about two miles, was decided first with four starters. Moore's Montrip, ridden by Mr. Lee Evans was the favorite and he wen in glorious style. He was much the best of the small field and led nearly all the way, but half a mile from home he came within an ace of falling, only to be pulled together in clever style by his er, who came home in triumph six lengths to the good, the recipient of a great evation. Twilight, second choice on equal terms with Emigrant, was handled by his owner, Mr. S. Knutt, who got him home all out in a drive the place, with Emigrant, ridden by Mr. Huff in Pierre Lorillard's colors, two lengths back. Again, with Mr. O. E. Hayes up, The time was 4:33.

With Mr. Dion Kerr in the saddle, H. T. Griffin's Wild Irishman was a hot odds-on favorite for the Amsteur Cup race, a highweight selling event at six furlongs. he ran a disappointing race and finished an indifferent third. Trapezist, with Mr. Maddox up, after going back in the betting to 5 to 1, showed himself to be the best, for ith a patient ride he came home in front,

with a patient ride he came home in front, ridden out by a length and a half in 1:18 1-8. Port Arthur, 4 to 1, also well ridden by Mr. Ewart, got the place by ten lengths.

The Albemarie Stable's crack three-year—in filly Santa Catalina looked to have the third race, for fillies and mares, at six furders, among others, was scratched. Santa Catalina was a prohibitive favorite at 1 to 12. She had Baird up, who kept her under wraps all the way, the Suspender filly enjoying a good exercise gallop and winning by half a dozen lengths in 1:16 2-5. Bill Daly's Toi San held Fondness safe for the place from the outset.

outset.

Fifteen platers of inferior quality started in the first race, for maidens at five furlongs. Step Away and Lilac closed equal favorities at 2 to 1, and they finished first and second, respectively, Step Away going away at the end with two lengths to spare under a mild drive by Grimmins. Berry Waddell, backed down to 8 to 1, ran an improved race and was third, beaten three parts of a length. Life Bindy, played down to 18 to 1, led for nearly half a mile only to blow up when the pressure was put on.

half a mile only to blow up when the pressure was put on.

R. C. Hall's Ambitious, 3 to 1 second choice, made a runaway of the second event, for maiden two-year-olds at four and a half furlongs, winning by five lengths. Virginia Bradley's Away, the favorite, did her best and took the place from Bill Daly's Moonshine, 25 to 1, by a couple of lengths. The latter beat F. B. Hitchcock's Bauble, 5 to 1, who closed powerfully, by a head.

Winchester, once a cripple, provided a surprise by taking the last race, for platers at a mile and 100 yards, with 10 to 1 about him. He made a greater part of the running and beat Gold Dome, 8 to 1, by half a length. Phantom, owned by T. Hitchcock, Jr., another 8 to 1 shot, showed improvement and took third money from Warrented by a head. Eagle, the 2 to 1 favorite, was disgracefully beaten. Three favorites won and Romanelli rode two firsts. The track was fast. The summaries:

Westbrook Golf Club Wants Dates for Open Event on June 14, 15, 16 and 17-invitation Tourney for Englewood-Entries for Atlantic City Tournament.

An announcement to indicate a brisk season in local golf is that the Westbrook Golf Club, which passed its tournament last year, has applied for dates for an open event on June 14, 15, 16 and 17. The course is at Great River, L. I. and near the country places of W. Bayard Cutting and W. K. Vanderbilt, and the Southside Sportsmen's Club. Its tournaments were a September event for many years, from 1897 to 1903, and in one rear there was also an open event with a good turnout of professionals and amateurs. turf is largely old paddock land and the round 3,010 yards. The amateur records are 56 by Louis Livingston and R. C. Watson, Jr., and 75 by H. B. Hollins, Jr. A. G. Griffiths has the professional marks, at 34, 40-74.

In the same vein is the news that the Engle-wood Golf Club has decided to give an invitation tournament. In a tentative way the M. G. A. has reserved by request June 22, 23 and 24 for the event. Frank M. Wilson is chairman of the Englewood committee and the exact dates and conditions will soon be settled. Although the course has twice been the scene of the New Jersey State Golf Association championship-last year and in 1900there has been but one open tournament at the Englewood links. This was as far back as August, 1898, when J. 1. Blair, Jr., now more prominent at polo and rasquets, beat out Maturin Ballou for the first cup and Thomas T. Reid won the second cup. Dr. Burdett O'Connor won the score medal with 87, fine work for those days, and S. O. Vanderpoel, Jr., the Palisade cup handicap, Clubhouse and course are entirely new since that early tournament, the latter being 6,300 yards and the former as spacious as a summer hotel, although so popular are the Englewood golfers that both will be taxed to their capacity by the many entries for the tournament.

The Encliweed Country Club may also

hold a tournament during June, as it has for the last two years. The club before for the last two years. The club before that had dropped out for a couple of years, but otherwise its tournaments date back to 1898. Should the committee take June 8, 9 and 10 and the Hudson River Golf Association June 28 to July 1 at Kingston, as announced, there will be a tournament locally for each week in June, with an extra one the Women's M. G. A. at Baltusrol, thrown in for good measure.

the Women's M. G. A. at Baltusrol, thrown in for good measure.

Entries do not close until to-night for the Atlantic City Country Club tournament, which begins to-morrow, but the early nominations reveal seventy-seven names. Neither Travis nor Douglas will be at the tournament, and both Dr. Harbon and Frederick Herrashof are missing from the advance entries. There is an unusual lack of entries from the Metropolitan Golf Association clubs, but to-night's arrivals should swell the list. Those among the early birds were C. L. Tappin, Westbrook; W. L. Gunther, Ardsley; Erwin S. Armstrong, Deal; S. D. Lounsbery, Plainfield; Frank A. Moore and W. R. Thurston, Apawamis; Dr. W. S. Brown, Oakland, and J. Paul Hicks, New York Golf, only eight in the seventy-seven.

Norman Towns and C. E. Towne are entered from the Glen View Club, Chicago, and the Boston group comprises Aifred Howard, Winthrop Sargent, George A. White and A. L. White, the intercollegiate champion, who has not been at a tournament since he beat H. Chandler Egan in the final of that event at Myopia. W. C. Fownes, Jr., who won the Atlantic City tournament both last fall and spring, and W. C., C. B. and H. C. of the same clan, with J. O. H. Denny, F. H. Denny and J. W. Bolleau are entered from Pittsburg, George Lafferty and F. (Iden Horstman from Washington and Dr. W. E. Fisher and Erwin F. Kuehn from York Harbor, Me. All the Philadelphia clubs are represented, the entries including A. W. Tillinghast, and there are sixteen in from the home club.

Whatever the fate of the first hole may be, the permanency of which is threatened by apeculative builders, the Eastern Parkway Golf Club will have still a good nine hole course throughout the season. The present first green will be used so long as it is available, but with this out the first tee will be on the hill where the two trees are and the play to the present second green, making a nice two shot hole. There will be no more changes until the present shaking a nice take the cighth. The players will then negociate a new hole planned by Laing, a nice cleek shot, the tee being near the present home green and the green in the clear space back of the fourth green. The new green has been made and is rolled regularly, so that the change may be made in quick order when necessary. necessary

Programmes for the sixth annual tournament of the New Jersey State Golf Association, to be held at the North Jersey Country Club on June 1, 2 and 3, are out to-day and may be obtained from 11. J. Hewat, 227 Hamilton avenue, Paterson; F. M. Wilson or C. B. Beckwith, who form the tournament committee; It will be the first tournament held at the North Jersey course, which heightens the interest in the announcement, for it is one of the oldest links hereabouts and there is a general desire to visit it. There is a team prize to be settled in the qualifying round and the ownership of a gold medal, when match play will begin for the championship and minor prizes. There will be something doing for each eight of the first 64 in the qualifying round, the conditions being such as to bring out a good entry and to stimulate interest in the tournament and the game at every club in the organization.

Then I am negotiating for a match between Owen Moran and some other good bantam for the first week in May. I have landed a bout between Jack O'Brien and kid McCoy for fitseen rounds, which is to be held about the middle of next month.

"I think that Baltimere is the coming fighting centre, and if any of the crack boxers want to appear there they can get engagements. I will give a purse of \$5,000 with a privilege of \$6 per cent of the gate receipts for O'Brien and Tommy Ryan. But I don't think that Ryan wants any of O'Brien's game. And I am also prepared to give \$15,000 for a twenty round bout between Jinmy Britt and Joe Gans at 183 pounds ringside, the same as in their last encounter. Let no one deceive themseves about Gans not being able to get to 132 pounds. He can do so and will prove this any time. I think that Gans and Battling Nelson will fight at Baltimore. At present I am arranging such a bout."

Cricket Associations Rivals for International Matches.

Rivalry abetween the New York Cricket Association and the Metropolitan District Cricket League has developed over arrangements of international games this season. The last named organization some time ago entered into negotiations with the Associated Cricket Clubs of Philadelphia for a date with the Marylebone C. C., which will sail for this country on July 12 and play three games in Philadelphia, besides matches in New York, Baltimore, Boston and possibly

other cities.

The New York Cricket Association is also The New York Cricket Association is also endeavoring to arrange a game with the visitors, and at a meeting of the executive compittee yesterday A. E. Rendle was appointed a committee of one to correspond with the Philadelphians on the matter, with power to arrange details. At the same meeting Dr. E. V. Brendon was appointed to arrange a game with the Hamilton Club of Bermuds, with whom the league has also arranged a game. The Columbia Oval Club has placed its grounds at Williamsbridge at the disposal of the association for these games.

An invitation from the Connecticut State Cricket Association to play an interstate match at Bridgeport on July 4 has also been accepted by the association.

Gus Ruhlin After Marvin Hart.

Billy Madden is of the opinion that the only way that Marvin Hart can insist upon a match with Jim Joffries is by meeting his man, Gus Ruhin. The "Akron Giant" has accordingly challenged the Southerner and is prepared to face Hart at either Bajtimore or Ban Francisco at any time or in any place

or San Francisco at any time or in any place Hart sees fit.

"Hart should not ignore Ruhiin," says Madden, "because the pair have already met, and I think Gus is the better man. Then a match between the two would be a good test for Hart and would enable the public to get an excellent line on the qualities of Hart. Ruhin is taller than Jeffries, has a long reach and is an ideal heavyweight. Such a bout would attract a lot of folks who would want to see what Hart could do. If he succeeded in beating Ruhiin, Hart would be in a fine position to force the champion into a match. I have sent a challenge personally to Hart, but up to now I bave not heard from him. I'm sure that the California clubs will give the men a purse. Ruhlin is training now, so, if the will is arranged it, will not be long before the bout takes place."

Owen Moran, English Fighter, Due to Arrive To-day.

Owen Moran, the crack English bantam, who it is said gained a decaion over Jem Bowker, is due to arrive in this country today on the Majestic. At least Tom O'Roucke day on the Majestic. At least Tom O'Rourke received a cable message to the effect that Moran had sailed a week ago. Meran is coming here to meet any bantam in the country. After a brief etsy in New York he will go West and join Jaher Walte, who is in San Francisco training for his encounter with Jimmy Britt. Moran is a native of Birmingham. · AUTOMOBILES.

BOUTS OUT OF TOWN. Fitzgerald Bests Adam Ryan at Philadelphia-Other Mills.

Monday night last was a busy one for the arge army of boxers throughout the country and several interesting bouts resulted. Two clubs in Philadelphia held shows. At the Washington A. O. Willie Fitzgerald met Adam Ryan in a six round go. In the first round Fitzgerald Jabbed Ryan's face and body and kept Ryan away from him. He tried several hooks, but Ryan was clever and the blows didn't land. In the fourth round Fitzgerald got busy and with a rush sent Ryan to the ropes. He used his long reach and jabbed Ryan effectively in the face. The fifth round was about even, but in the final round Fitzgerald had things his own way. He stabbed Ryan's nose so frequently that when the gong sounded Ryan was bleeding profusely. there been a decision the verdict would undoubtedly have gone to Fitzgerald. At the

doubtedly have gone to Fitzgerald. At the same city before the Frankford A. C. Kid Locke and Billy Maharg met for six rounds. Maharg forced the mill in the majority of the rounds, but Locke was as game as a pebble and easily made a draw of it.

One knockout occurred at the Lakeside A. C., Webster, Mass. In the first bout, between Gus Ashley of Fall River and Patrick Fenton of Norwich, Ashley was the victor at the end of the sixth round. He did all the leading and had the better of the contest all the way through. In the other mill Kid Paull of Fall River put Tommy English away in the seventh round. English was thoroughly outclassed. The bout was for fifteen rounds.

in the seventh round. English was thoroughly outclassed. The bout was for fifteen rounds.

Hugo Kelly of Chicago, a clever middle-weight, gave Tom Wallace of Philadelphia a severe drubbing in what was to have been a ten round bout before the Indianapolis A. C. Indianapolis. Kelly went after his rival energetically and in the third round knocked Wallace out. This round only lasted one minute.

It required twelve rounds to convince the seconds of Kid Pantz that he was not in it with Matty Baldwin at Haverhill, Mass. Pantz put up a game scrap, but had no chance of winning from the start. In the twelfth, after Pantz had been sent to the boards a couple of times, the Kid's seconds threw up the sponge as a token of defeat.

Yankee Rogers of Boston and Bonnie O'Brien of Buffalo fought eight hard rounds to a draw at the Frisco A. C., Buffalo, in the presence of 690 members. O'Brien seemed to have the better of the first two rounds but Rogers evened matters after that.

Kid Everitt of New York knocked out Walter Johnson of Philadelphia in a fight to a finish near Kingston, N. Y. The inili only lasted six rounds. Everitt had the fight well in hand after the fourth.

WRESTLING.

Frank Gotch Hopes to Induce Hackenschmidt to Meet Him.

Though a match has been arranged between Tom Jenkins and George Hackenschmidt, little has been heard from Frank Gotch, the former catch as catch can champion. However, it appears that the Iowa farmer boy has been scheming all the time and will undoubt-edly be in evidence before long. Gotch has been touring the South during the last few weeks and has added a lot of victories to his credit. He feels his defeat at the hands of Jenkins rather keenly and has been doing his level best to wipe out that reverse. In a letter to THE SUN, Gotch writes: "Many have asked me why I have not hallenged the 'Russian Lion.' I believe

Jenkins and myself wrestled with the under-standing that the real prize was that the victor should get first crack at him. It's tough to have to stand back, though, be-Herford has his way, will be taken care of in cause of my defeat. But it is no more than the future at Baltimore. Herford arrived in fair. As long as the pair are to meet at town yesterday and said that he was pre-pared to hold any number of good bouts at Baltimore this summer and that he was here is going to be under the catch as catch can code, after the Græco-Roman fuss they made when it was proposed that I should meet the 'Lion.' Nevertheless, what Hackenschmidt does for one man I suppose he will do for another, and I trust he will not overlook me another, and I trust he will not overlook me before he goes home. But more earnestly I hope Jenkins defeats him for the honor of American athletics, and because I want to meet Jenkins. Tom, you can rest assured, will be right for Hackenschmidt. There will be absolutely nothing to interfere with a match between Jenkins and myself, barring his retirement to evade it, or an injury is the Hackenschmidt match, which is proble-matical. If I am not mistaken the public vents us to meet again. It is no more than

his retirement to evade it, or an injury in the Hackenschmidt match, which is problematical. If I am not mistaken the public wants us to meet again. It is no more than proper that he should give me a return bout. I gave him three matches in a year.

"I wrestle to win every time I go on the mat. There is little glory in touring the country. The life has far more attraction for me than any little money to be made out of it. I would have given my farm to have escaped that defeat by Jenkins. My only consolation is that the public believes that I wrestled honestly and that my reversal of form was not accomplished by fraud. They tell me that it is some time since a loser remained to face the consequences. I appreciate very much New York's treatment of me. I thought I was good enough, but wasn't. But I'll be right the next time. If I don't turn the tables New York will hear little more of Frauk Gorth of Humboldt, I.a."

Hackenschmidt has already started in to train for his contest with Jenkins. The Russian has his own ideas of working. He does not do any road exercise like some of the American wrestlers, but confines his labor to weight lifting, jumping, boying and wrestling. Hackenschmidt is right at home with the weights, and the heavierth ey are the better he seems to like it. He went to a local symnasium the other day and ploked up a few weights that the ordinary man would have all he could do to raise to his shoulders with both hands. Hackenschmidt, however, lifted them up as if they were made of papiermache, and he did the trick with one hand, too. After the performance Hackenschmidt were not heavier.

CHICAGO'S NOVEL AUTO MEET.

CHICAGO'S NOVEL AUTO MEET. Will Hold Pirst Race for New Thomas Trophy and Offer \$1,000 in Gold.

A sanction for a three days meet on May

27, 29 and 30 has been granted to the Chicago Automobile Club, and that body is planning the biggest programme of automobile racing

the biggest programme of automobile racing ever seen in the West.

At this meet a new challenge trophy, donated by Dr. Harold E. Thomas of Chicago, will be up for competition for the first time. This trophy is a \$1,000 cup which Dr. Thomas has agreed to deed to the American Automobile Association, to be held in trust and raced for by teams chosen by the Automobile Club.

Another interesting innovation to be tried by the Chicago club is that of offering \$100 for every second that the existing records are lowered in the complete distance of any race. Still another new wrinkle to appeal to the out and out professional is that of having a race for \$1,000 in gold and hanging the prize on a wire stretched acress the track, so that the winner can pick it off in the presence of the crewd.

Phenomenal Sprinter Unearthed in Califernie.

Word has reached here from Los Angeles of the appearance there of a wonderful young sprinter by the name of Charles Parsons. A short time ago he was Charles Parsons. A short time ago he was clocked to cover the 100 yards in 94-5 seconds, and the performance has been verified by Harvey Holmes, the ex-Harvard athlete, now doing some athletic coaching at Los Angries. It is the opinion of several knowing judges who have seen Parsons that he is a powerful fellow, and capable of all sorts of records a little later, when he is better coached in starting and using himself to advantage. Parsons is yet a schoolboy, but he has ambitions to enter college in the middle West, and there is talk of his landing at Wisconsin next fall.
